

LEFKIPPOS

ATTICA TECHNOLOGY PARK

DEMOKRITOS
NATIONAL CENTRE FOR SCIENTIFIC RESEARCH

WHO WE ARE

Lefkippos Tech Park is a unique innovation ecosystem, within the largest multidisciplinary research centre in Greece, consisting of NCSR Demokritos' Spin offs, highly innovative Greek SMEs and disruptive startups with exceptional ideas and novel technologies. The ecosystem is completed with the presence of world-leading international companies with well-established brand equity, creating a unique mix of business innovation and technology disruption.

All operations are hosted within NCSR Demokritos' premises, exploiting state-of-the-art technological facilities and R&D equipment, leading to an innovative, business friendly environment with services and networking supported by high class scientists.

The Park operates in two buildings covering a total area of 2,000 m² and is a member of the International Association of Science Parks and Areas of Innovation (IASP).

WHAT WE OFFER

Lefkippos offers an exciting and dynamic environment that facilitates the growth of innovation - driven entrepreneurship.

Our resident companies benefit from:

- access to "NCSR Demokritos" world class premises
- a range of extra networking services to assist their business smooth operation and growth
- all-in-one flexible rental agreements
